THE VISION BEHIND & HOW TO USE *Calvary Curriculum's* CHILDREN'S CURRICULUM TO TEACH CHILDREN

Calvary Curriculum's Children's Bible Curriculum is based on a verse-by-verse approach to teaching the Bible. In this curriculum, every Bible study has its own set of pages and each page has been designed to bring support to the teacher as he or she teaches the Bible in the elementary ages. The vision behind this Bible curriculum, how to use each page, and the various teaching methods of using this curriculum are explained in this workshop.

THE ATTRIBUTES OF GOD

Come and learn an effective, yet easy teaching tool on the attributes of God. As Pastor Chuck used to say so often: "When we don't understand the 'Why God' questions, we need to go back to all we do understand about Him." But, do the children really know what He is like? This workshop will equip you to teach 33 key attributes, what they mean, and the Scriptures to support each one. At the end of the workshop you will have them all from memory and a take-home hand-out to use for any Bible lesson. Children of all ages learn them quickly as their A-B-C's...and with fun!

LEADING A CHILD TO CHRIST

Come and consider the most important message God has given to the world - how to have a personal relationship with God through Jesus Christ.

USING QUESTIONS WHEN TEACHING CHILDREN

Using questions while teaching can often be a simple, while at the same time a powerful tool. When we use questions to teach in the classroom, we can help the children to pay attention and understand the lesson, while teachers can be helped to communicate and also gain insight into how well the children are understanding what is being taught.

TEACHING CHILDREN TO PRAY

God's design from the beginning is that people, young and old, would have a relationship with their Creator. But, knowing that no relationship is stronger than its communication, it becomes vital that we communicate with God. For without communication, the relationship becomes distant. But, through the glorious privilege of prayer, we are drawn into the very presence of a wonderful Holy God. Children too, can experience the blessing of talking with God through prayer. It is important that we teach them this while they are still young and this is what will be discussed in this workshop.

Today's youth are faced with many major cultural challenges, affecting their spiritual lives and walks with God. In this workshop we will look at why teaching our youth the Bible is one of the most important things we can do in our classrooms today. "THE HEART OF WORSHIP"
TEACHING CHILDREN THE TRUE HEART OF WORSHIP

We're living in a time where worship is being misconstrued in so many ways. From teaching the kids songs that are fun but yet have no lasting effect in their daily walk, to worship being based on emotions and experience. As overseer of a large children's worship ministry, we started noticing this was affecting our children. Some were engaged out of tradition, some as if it was a duty. Not many worshiped based on posture of heart. It's at this point that our perspective shifted into teaching our children the heart of worship. Who we worship, why we worship and how we worship are all factors we will cover in a fun yet effective way to capture the hearts of all the children in our ministry. We will cover many capacities, including classroom worship all the way to formal choir. This is an interactive workshop that prayerfully taken can help thrive your children's worship ministry but better yet help you teach these kids to have the right posture of heart. A VISION TO RUN WITH

What is the purpose of a Jr. High ministry at a church? Is it simply a place to entertain while the parents go to church or is it an opportunity to be God's instrument to lay a foundation that students can build on for the rest of their lives? Find out more as we discuss what the vision for a Jr. High ministry should be and practical ways that can be lived out.

TOOLS FOR CHILDREN'S SPIRITUAL GROWTH

"Let no one despise your youth, but be an example to the believers in word, in conduct, in love, in spirit, in faith, in purity," 1 Timothy 4:12. Children can be examples to other believers even though they're young! As children's ministry leaders, we get to give children the tools to grow in their relationship with the Lord. This workshop will go over ways to encourage Scripture memorization, developing a prayer life, and guiding children in establishing the discipline of being in God's Word daily. Paul reminded Timothy that he can be an example to all believers even though he was young, and we can do the same for the children God has brought to our ministries.

INCORPORATING APOLOGETICS INTO YOUTH MINISTRY

Research shows that 60-70% of youth leave the church between the ages of 18-22. Those surveyed say the questioning of religious teachings is a very important reason for their lack of affiliation with a church. Young people have questions, yet most youth groups today focus on “having fun” rather than providing answers. Or, students are simply told ‘what’ to believe, but not ‘why’ they should believe it. If the church will not give them the answer, the agnostic college professor or cult member knocking on the door will. This workshop will equip today’s youth leader with practical ways to incorporate answers into their current youth ministry program, and how to have fun in the process!

EXPLAINING COMPLEX CONCEPTS SIMPLY

Every adult dreads it when kids ask the difficult questions. Many shy away from teaching simply because they don't know how to answer questions like "If God created everything, who created God?", "How can God be three and one at the same time?", or "Where did Cain's wife come from?" Often, adults will be well-meaning in their answers, but can accidentally teach false doctrine by using analogies that fall short in their explanation of our amazing God and His creation. In this workshop, you will hear the most common "tough" questions that kids ask, and learn how to answer them age-appropriately, while avoiding bad analogies that could accidentally lead a child astray.
