TEACHING CHILDREN TO PRAY

God's design from the beginning is that people, young and old, would have a relationship with their Creator. But, knowing that no relationship is stronger than its communication, it becomes vital that we communicate with God. For without communication, the relationship becomes distant. But, through the glorious privilege of prayer, we are drawn into the very presence of a wonderful Holy God. Children too, can experience the blessing of talking with God through prayer. It is important that we teach them this while they are still young and this is what will be discussed in this workshop.

HOW TO RESPOND TO SUSPECTED ABUSE OR A CHILD IN NEED

Children's safety is the highest priority. It is important that we know how to respond to a child in need. We will take a look at our role as children's ministry leaders in response to suspected abuse, signs a child needs help, and how to establish and keep a safe environment for a child in your ministry.

BUILDING RELATIONSHIPS WITH STUDENTS

The most important aspect of your position as a teacher is your relationship with the children. As you build personal relationships/friendships with each child, there will be benefits that stem from bonding with your students. There will be less need for discipline, greater and deeper times of discipleship, and MORE LOVE! (John 13:34-35) We will consider helpful ways you can build deeper, closer relationships with your children.

USING QUESTIONS WHEN TEACHING CHILDREN

Using questions while teaching can often be a simple, while at the same time a powerful tool. When we use questions to teach in the classroom, we can help the children to pay attention and understand the lesson, while teachers can be helped to communicate and also gain insight into how well the children are understanding what is being taught.

THE ATTRIBUTES OF GOD

Come and learn an effective, yet easy teaching tool on the attributes of God. As Pastor Chuck used to say so often: "When we don't understand the 'Why God' questions, we need to go back to all we do understand about Him." But, do the children really know what He is like? This workshop will equip you to teach 33 key attributes, what they mean, and the Scriptures to support each one. At the end of the workshop you will have them all from memory and a take-home hand-out to use for any Bible lesson. Children of all ages learn them quickly as their A-B-C's... and with fun!

SONGS THAT TEACH

Come and learn how to teach (through simple melodies that most of us know) the many truths of the Bible. You and your children will learn things like: The Days of Creation; The 10 Commandments; The Books of the Old and New Testaments; The 12 Disciples; The 12 Tribes of Israel; Joseph's Life; How to Witness for Christ; and even be an example for their country through the new verse of "God Bless America"! All accomplished through fun singing and participation. Even non-singers are blessed.

APOLOGETICS FOR KIDS (4TH- 6TH GRADE)

As kids grow in their faith, they start to ask big questions that may be intimidating for teachers. Leaders will learn the importance of teaching children apologetics and creating a question-safe atmosphere, as well as how to equip kids with the tools they need to defend their faith and answer these big questions. Both teachers and students can be confident that their faith is founded on fact and use this information to be a light to the lost world around them. Topics Include: "How do we know God exists?" "How do we know the Bible is true?" "How do we know Jesus is God?" "Is evolution real?" and more. This course is most suitable for 4th -6th grade.

FROM THE HEAD TO THE HEART

We believe that children can experience a personal and close relationship with the Lord Jesus Christ that will sustain them each and every day of their lives. Because the Bible is a spiritual book, it is vital that children be taught how to read it in a spiritual way and how to respond back to what God has said in His Word. In this workshop you will learn how to train the children to be doers of the Word and not hearers only. You will learn how to teach not only to the intellect, but to the heart.

FROM THE HEAD TO THE HEART (CONTINUED)

In this workshop we will build upon the information taught in the previous workshop. Demonstrating practical ways in how to teach a Bible lesson, we will look at different approaches in training children how to respond to God through His Word. Find out how asking simple questions in the study of God's Word can impact the child's heart. We will discuss specific questions and how to use them. These workshops will be helpful for those interested in using Calvary Curriculum children's Bible studies.

EVANGELISTIC CRAFTS THAT KEEP ON SPEAKING

Children's Ministry events and outreaches often involve crafts. Kids love making crafts. But, as you might know, quality crafts can be a challenge to find or develop. In this class you will receive written instructions for several different crafts, plus you will get to make one yourself. These crafts are appropriate for ages 5-14, and could be used in a VBS, camp, evangelistic outreach, or in a Sunday School class. Unique to the crafts presented in this workshop is the built-in gospel message, using the colors of the "Wordless Book". The children will enjoy making these crafts, all the while learning of the great gift God has for them through Jesus!
