CREATING A CULTURE OF CRITICAL THINKING IN YOUR CLASSROOM

Teaching children to think logically and independently is essential to raising up the next generation of believers to love the Lord their God with their heart, soul, and mind. How do we equip and train children to ask good questions, find biblical answers to their questions, and engage the culture for Jesus? Join us as we discuss simple and practical ways to create a healthy atmosphere of critical thinking in your children's ministry.

THE ATTRIBUTES OF GOD

Come and learn an effective, yet easy teaching tool on the attributes of God. As Pastor Chuck used to say so often: "When we don't understand the 'Why God' questions, we need to go back to all we do understand about Him." But, do the children really know what He is like? This workshop will equip you to teach 33 key attributes, what they mean, and the Scriptures to support each one. At the end of the workshop you will have them all from memory and a take-home hand-out to use for any Bible lesson. Children of all ages learn them quickly as their A-B-C's... and with fun!

INTERACTING WITH CHILDREN

As teachers and helpers, we want the children we teach to be blessed by their experience in class. We will look at some important differences between children and adults, as well as important similarities, and how an understanding of both of these can help us positively interact with children. In this workshop we will look at some practical ways to show love and kindness to each child. We will draw from our experiences both as teachers/helpers in Children's Ministry classrooms, and as students ourselves, and how the interactions of our teachers impacted us.

LEADING A CHILDREN'S MINISTRY

In this workshop we will look at the main areas of responsibility when leading a Children's Ministry. We will offer some best practices and tips. We will also take time to answer your questions. Leading a Children's Ministry can be intimidating but we know that our God is so wise and powerful. "For we are His workmanship, created in Christ Jesus for good works, which God prepared beforehand that we should walk in them." Ephesians 2:10. Our goal is to encourage you. "God is faithful, by whom you were called into the fellowship of His Son, Jesus Christ our Lord." 1 Corinthians 1:9

SPECIAL FRIENDS (DISABILITIES)

Many churches struggle to serve and welcome families whose children may need more support to join the class. TEACHING YOUTH (HIGH SCHOOL)

Today's youth are faced with many major cultural challenges, affecting their spiritual lives and walks with God. With today's culture attempting to change what the Bible says, instead of the Bible changing the culture, is it possible to effectively teach the Bible verse-by-verse to our youth? In this workshop we will look at why teaching our youth the Bible is one of the most important things we can do in our classrooms today. We will discover that teaching verse-by-verse can be engaging and "relevant" to today's culture. We will talk about why we "should not shrink from declaring the counsel of God."

 **DUSTIN REEVES**  **ROOM 207** 

SPIRITUAL WARFARE

Often, we forget how high of a calling it is to be in children's ministry, but the enemy never rests in his attack on those who lead little ones to Christ. This is why it is important to recognize who the real enemy is and be able to identify how he attacks us. This workshop is designed to be an introduction to (or a refresher on) the basics of what the Bible describes as "spiritual warfare" and how we can be equipped to successfully fight this spiritual battle we have stepped into. We need to make sure we don't get distracted by the schemes of the devil so that we can more effectively minister to the little ones God brings our way.

USING THE "REVISED & EXPANDED LITTLE ONES CURRICULUM" TO TEACH 3-6 YEAR OLDS

These little ones aren't too young to be taught God's Word. Yes, they have lots of energy and need to move around and play, but they can also be attentive long enough for a good Bible story that will guide them to Jesus. This workshop will discuss how we can minister to this age group through using Calvary Curriculum's "Revised & Expanded Little Ones Curriculum." We will consider the purpose of the pages within the "Bible story set" and how to use them to supplement the Bible story and support teachers and parents. We will discuss a few things to keep in mind to more effectively teach the Bible to these little ones, as well as ideas to help the teacher prepare to teach the Bible story.

EXPLAINING COMPLEX CONCEPTS SIMPLY

Every adult dreads it when kids ask the difficult questions. Many shy away from teaching simply because they don't know how to answer questions like "If God created everything, who created God?", "How can God be three and one at the same time?", or "Where did Cain's wife come from?" Often, adults will be well-meaning in their answers, but can accidentally teach false doctrine by using analogies that fall short in their explanation of our amazing God and His creation. In this workshop, you will hear the most common "tough" questions that kids ask, and learn how to answer them age-appropriately, while avoiding bad analogies that could accidentally lead a child astray.

TEACHING CHILDREN TO PRAY

God's design from the beginning is that people, young and old, would have a relationship with their Creator. But, knowing that no relationship is stronger than its communication, it becomes vital that we communicate with God. For without communication, the relationship becomes distant. But, through the glorious privilege of prayer, we are drawn into the very presence of a wonderful Holy God. Children too, can experience the blessing of talking with God through prayer. It is important that we teach them this while they are still young and this is what will be discussed in this workshop.

SONGS THAT TEACH

Come and learn how to teach (through simple melodies that most of us know) the many truths of the Bible. You and your children will learn things like: The Days of Creation, The 10 Commandments, The Books of the Old and New Testaments, The 12 Disciples, The 12 Tribes of Israel, Joseph's Life, How to Witness for Christ, and even be an example for their country through the new verse of "God Bless America" and all accomplished through fun singing and participation. Even non-singers are blessed.

TEACHING THE CHILDREN TO PRAY THE MODEL PRAYER

Do the children know how to talk with God? Do the teachers or parents know how to talk with God? Can we really talk to and have fellowship with God? Are we really leading the children in what it is to have a personal relationship with God? This workshop will give simple and practical ideas, that can be implemented immediately, to help you grow in your own "alone time" with the Lord and to teach the children (and others) these important truths. This workshop will deal with the instructions given to us from Matthew 6, by Jesus, concerning fellowshiping with God.

MINISTRY BETWEEN THE LINES

Each child has needs which extend beyond the Sunday school classroom. Jesus taught and healed the “brokenhearted” (Luke 4:18). In addition to teaching His Word, this workshop will explore the real lives of children and what they are going through. The sensitivity of knowing their needs cannot be overstated. Our influence will be used by God to impact them for a lifetime.

INCORPORATING APOLOGETICS INTO YOUTH MINISTRY (PART 1)

Research shows that 60-70% of youth leave the church between the ages of 18-22. Those surveyed say the questioning of religious teachings is a very important reason for their lack of affiliation with a church. Young people have questions, yet most youth groups today focus on “having fun” rather than providing answers. Or, students are simply told ‘what’ to believe, but not ‘why’ they should believe it. If the church will not give them the answer, the agnostic college professor or cult member knocking on the door will. This workshop will equip today’s youth leader with practical ways to incorporate answers into their current youth ministry program, and how to have fun in the process!

TAKING SUNDAY SCHOOL TO THE PUBLIC SCHOOLS - AND MAKING DISCIPLES (SO THEY KEEP COMING BACK FOR MORE)

There are tens of thousands of children in our public schools that have never heard the gospel of Jesus Christ. Many do not come to church, but they can be accessed in the public schools through Released Time Bible Clubs and Good News Clubs. In this workshop you will learn about these open doors and how you can have a Bible Club at your local public schools. Our desire is that our students keep coming back for more, so Sally will share methods that she and her teachers have learned to be affective in making our Bible clubs relevant and fun. Sally Atkinson has been directing Released Time Christian Education for the past 35 years. She is now semi-retired, but still teaches a few classes each week. Through these years she has learned and is still learning to effectively teach the Word of God to children and lead them to Jesus through these open doors known as Released Time Education and Good News Clubs.

USING THE WORD OF GOD AS YOUR TEXTBOOK

In today's world there are many different resources we can use in teaching the children in our classroom. While there is nothing wrong with using those resources, we sometimes, unknowingly, become dependent upon them rather than using the Word of God as our primary resource. In this workshop we will see how by using the Word of God, as our primary resource, we are giving the kids an opportunity to let God speak directly to their hearts and respond directly to Him.
