### INTERACTING WITH CHILDREN

"I'm terrified of working with kids," "I don't know how to treat kids or how to act around them." Have you ever heard someone say this? (Maybe you've secretly thought this yourself.) Why do people sometimes feel this way? What if it had little to do with natural talent of working with children and more to do with actual skills - social skills for working with children you might say? There are many skills that are important to have as a Sunday School teacher, but the skill of HOW you interact with children will do much for how smoothly your class goes, how much your students want to come to class, as well as how loved they feel leaving your class. These are skills that are important to know and apply whether we're new at working with kids or someone experienced who just wants to fine tune their interactions with children. In this workshop we will look at practical ways of interacting with children, that will both make us more confident in those interactions, as well as helping communicate more clearly to our students that our class is a safe place where they are cared for and loved.

### A VISION TO RUN WITH

What is the purpose of a Jr. High ministry at a church? Is it simply a place to entertain while the parents go to church or is it an opportunity to be God's instrument to lay a foundation that students can build on for the rest of their lives? Find out more as we discuss what the vision for a Jr. High ministry should be and practical ways that can be lived out.

### EARLY CHILDHOOD TEACHING PRESCHOOLERS TO LOVE WORSHIP

Reaching preschoolers and kindergarteners through worship is a very important responsibility. Helping them understand why and Who we worship is a great place to start. We will discuss how to choose age-appropriate songs, implementing hand motions, and using phrases they can understand and relate to.

## LEADING A CHILDREN'S MINISTRY

In this workshop we will look at the main areas of responsibility when leading a Children's Ministry. We will offer some best practices and tips. We will also take time to answer your questions. Leading a Children's Ministry can be intimidating but we know that our God is so wise and powerful. "For we are His workmanship, created in Christ Jesus for good works, which God prepared beforehand that we should walk in them." Ephesians 2:10. Our goal is to encourage you. "God is faithful, by whom you were called into the fellowship of His Son, Jesus Christ our Lord." 1 Corinthians 1:9

## THE ATTRIBUTES OF GOD

Come and learn an effective, yet easy teaching tool on the attributes of God. As Pastor Chuck used to say so often: "When we don't understand the 'Why God' questions, we need to go back to all we do understand about Him." But, do the children really know what He is like? This workshop will equip you to teach 33 key attributes, what they mean, and the Scriptures to support each one. At the end of the workshop you will have them all from memory and a take-home hand-out to use for any Bible lesson. Children of all ages learn them quickly as their A-B-C's... and with fun!

## EMPOWERING OF THE HOLY SPIRIT

Having begun in the Spirit, are you now being made perfect by the flesh? Serving in ministry is a supernatural work that requires supernatural power. Oftentimes we are trying to accomplish this work in our own flesh. In this workshop we will answer the questions: What is this supernatural power? How do we receive this supernatural power? What are we able to accomplish with this supernatural power? "Not by might nor by power, but by My Spirit," Says the LORD of hosts.

## UNIQUE & ENGAGING TOOLS FOR YOUR KID'S MINISTRY

We will also demonstrate three powerful Gospel object lessons; The Three Ropes, Heaven in a Jar, & The Rat Trap of Faith. Additionally, we'll show a short clip highlighting OAC's history & present evangelism ministries. Finally, we'll explain some more excellent tools on our web site & close with questions & answers. ## **APOLOGETICS FOR KIDS (4<sup>TH</sup> - 6<sup>TH</sup> GRADE)**

As kids grow in their faith, they start to ask big questions that may be intimidating for teachers. Leaders/teachers will learn the importance of teaching children apologetics and creating a question-safe atmosphere, as well as how to equip kids with the tools they need to defend their faith and answer these big questions. Both teachers and students can be confident that their faith is founded on fact and can use this information to be a light to the lost world around them. Topics Include: "How do we know God exists?", "How do we know the Bible is true?", "How do we know Jesus is God?", "Is evolution real?", and more. This course is most suitable for 4th -6th grade.

## **CHAOS TO COLLABORATION TRANSFORMING YOUR CLASSROOM FROM FRUSTRATION TO FANTASTIC!**

Is it possible to command the attention of hundreds of children with a simple phrase? What word could make rambunctious kids stop moving and stand perfectly still? Are you tired of repeating the same commands repeatedly with no impact? In this workshop you will learn simple ways to switch your classroom from chaos to collaboration with research-based methods to transform the culture of your classroom from frustration to fantastic!

## **INCORPORATING APOLOGETICS INTO YOUTH MINISTRY**

Research shows that 60-70% of youth leave the church between the ages of 18-22. Those surveyed say the questioning of religious teachings is a very important reason for their lack of affiliation with a church. Young people have questions, yet most youth groups today focus on "having fun" rather than providing answers. Or, students are simply told 'what' to believe, but not 'why' they should believe it. If the church will not give them the answer, the agnostic college professor or cult member knocking on the door will. This workshop will equip today's youth leader with practical ways to incorporate answers into their current youth ministry program, and how to have fun in the process!

## USING THE “REVISED & EXPANDED LITTLE ONES CURRICULUM” TO TEACH 3-6 YEAR OLDS

These little ones aren't too young to be taught God's Word. Yes, they have lots of energy and need to move around and play, but they can also be attentive long enough for a good Bible story that will guide them to Jesus. This workshop will discuss how we can minister to this age group through using Calvary Curriculum's "Revised & Expanded Little Ones Curriculum." We will consider the purpose of the pages within the "Bible story set" and how to use them to supplement the Bible story and support teachers and parents. We will discuss a few things to keep in mind to more effectively teach the Bible to these little ones, as well as ideas to help the teacher prepare to teach the Bible story.

## TEACHING YOUTH (HIGH SCHOOL)

Today's youth are faced with many major cultural challenges, affecting their spiritual lives and walks with God. With today's culture attempting to change what the Bible says, instead of the Bible changing the culture, is it possible to effectively teach the Bible verse-by-verse to our youth? In this workshop we will look at why teaching our youth the Bible is one of the most important things we can do in our classrooms today. We will discover that teaching verse-by-verse can be engaging and "relevant" to today's culture. We will talk about why we "should not shrink from declaring the counsel of God."

## THE HEART OF WORSHIP ~ TEACHING CHILDREN THE TRUE HEART OF WORSHIP

We're living in a time where worship is being misconstrued in so many ways. From teaching the kids songs that are fun but yet have no lasting effect in their daily walk, to worship being based on emotions and experience. As overseer of a large children's worship ministry, we started noticing this was affecting our children. Some were engaged out of tradition, some as if it was a duty. Not many worshiped based on posture of heart. It's at this point that our perspective shifted into teaching our children the heart of worship. Who we worship, why we worship and how we worship are all factors we will cover in a fun yet effective way to capture the hearts of all the children in our ministry. We will cover many capacities, including classroom worship all the way to formal choir. This is an interactive workshop that prayerfully taken can help your children's worship ministry to thrive, and better yet, help you teach these kids to have the right posture of heart. The Heart of worship.

## ENJOYMENT vs. FUN: WHAT IS THE GOAL FOR YOUR SUNDAY SCHOOL CLASSROOM

How many times have you heard a parent picking up their child ask them "Did you have fun?" How many times have you been told that your class needs to be fun? Can we truly ever compete with the "fun" the world offers? This workshop will give the case that our class needs to engage the kids and they should enjoy every moment. But fun should not play a factor. Connection and engagement is more lasting than fun especially if you are connecting and engaging with Jesus and the Word. The prayer is that you will leave this class feeling a burden lifted off of what you have been your Children's Ministry class should look like. Simply teach the Word.

God saw fit to give us a written Bible to help us know who He is and what He desires. Having a written Ministry Manual can be so helpful in communicating with your ministry servants the heart, principles, requirements, and procedures of your ministry. We will discuss the value and importance of having a written manual, as well as how to get started. We will even give you a copy of our Children's Ministry Manual.

### **TRANSGENDERISM vs. GOD-GIVEN IDENTITIES: (AFFIRMING GOD'S PLAN FOR BOYS AND GIRLS)**

Do you have questions about how to address transgender issues in the church? Are you looking for ways to affirm children in their God-given identities as boys and girls? This workshop will answer practical questions for children's ministry leaders and provide ways you can affirm every boy to become a man of God and girl to become a woman of God.

 **MARK CARSON**  **SANCTUARY** 

### **TOOLS FOR CHILDREN'S SPIRITUAL GROWTH**

"Let no one despise your youth, but be an example to the believers in word, in conduct, in love, in spirit, in faith, in purity" 1 Timothy 4:12. Children can be examples to other believers even though they're young! As children's ministry leaders, we get to give children the tools to grow in their relationship with the Lord. This workshop will cover ways to encourage Scripture memorization, developing a prayer life, and guiding children in establishing the discipline of being in God's Word daily. Paul reminded Timothy that he could be an example to all believers even though he was young, and we can do the same for the children God has brought to our ministries.

 **KIMBERLY REPLOGLE**  **FELLOWSHIP HALL** 

### **USING QUESTIONS WHEN TEACHING CHILDREN**

Using questions while teaching can often be a simple, while at the same time a powerful tool. When we use questions to teach in the classroom, we can help the children to pay attention and understand the lesson, while teachers can be helped to communicate and also gain insight into how well the children are understanding what is being taught.

## THE HEART OF WORSHIP ~ TEACHING CHILDREN THE TRUE HEART OF WORSHIP

We're living in a time where worship is being misconstrued in so many ways. From teaching the kids songs that are fun but yet have no lasting effect in their daily walk, to worship being based on emotions and experience. As overseer of a large children's worship ministry, we started noticing this was affecting our children. Some were engaged out of tradition, some as if it was a duty. Not many worshiped based on posture of heart. It's at this point that our perspective shifted into teaching our children the heart of worship. Who we worship, why we worship and how we worship are all factors we will cover in a fun yet effective way to capture the hearts of all the children in our ministry. We will cover many capacities, including classroom worship all the way to formal choir. This is an interactive workshop that prayerfully taken can help your children's worship ministry to thrive, and better yet, help you teach these kids to have the right posture of heart. The Heart of worship.

## EXPLAINING COMPLEX CONCEPTS SIMPLY

Every adult dreads it when kids ask the difficult questions. Many shy away from teaching simply because they don't know how to answer questions like "If God created everything, who created God?", "How can God be three and one at the same time?", or "Where did Cain's wife come from?" Often, adults will be well-meaning in their answers, but can accidentally teach false doctrine by using analogies that fall short in their explanation of our amazing God and His creation. In this workshop, you will hear the most common "tough" questions that kids ask, and learn how to answer them age-appropriately, while avoiding bad analogies that could accidentally lead a child astray.

## DISCIPLESHIP IN THE 3<sup>RD</sup> GRADE CLASSROOM

But how do we implement this commandment with some of Jesus' littlest lambs? Come be a part of an engaging discussion about discipleship, ways to facilitate it with 3rd graders, and exchange ideas on how to make your classroom a training ground for everyone.

The primary focus of this workshop is teaching 1st grade students how to respond to God's Word, but the insights and tools we will be covering can be adapted to any young age group.

## ARE WE TEACHING THE CHILDREN TO "ABIDE IN CHRIST" OR SIMPLY "BELIEVE... RECEIVE... AND MEMORIZE"?

After 50+ years in children's ministry at 81 years young, the Lord has been recently taking Darlene through His "correction and direction" of training our children to "abide in Christ" so that we don't lose them to the world, their flesh, or the devil. Come and learn the "tools" He has been giving her thus far. Exciting and challenging days ahead for us all! She will also be sharing briefly the Lord's recent call to reach His Jewish children for Christ.

## **TAKING SUNDAY SCHOOL TO THE PUBLIC SCHOOLS ~ AND MAKING DISCIPLES (SO THEY KEEP COMING BACK FOR MORE)**

There are tens of thousands of children in our public schools that have never heard the gospel of Jesus Christ. Many do not come to church, but they can be accessed in the public schools through Released Time Bible Clubs and Good News Clubs. In this workshop you will learn about these open doors and how you can have a Bible Club at your local public schools. Our desire is that our students keep coming back for more, so Sally will share methods that she and her teachers have learned to be effective in making our Bible clubs relevant and fun. Sally Atkinson has been directing Released Time Christian Education for the past 35 years. She is now semi-retired, but still teaches a few classes each week. Through these years she has learned and is still learning to effectively teach the Word of God to children and lead them to Jesus through these open doors known as Released Time Education and Good News Clubs.

### **USING THE WORD OF GOD AS YOUR TEXTBOOK**

In today's world there are many different resources we can use in teaching the children in our classroom. While there is nothing wrong with using these resources, we sometimes, unknowingly, become dependent upon them rather than using the Word of God as our primary resource. In this workshop we will see how, by using the Word of God, as our primary resource, we are giving the kids an opportunity to let God speak directly to their hearts and respond directly to Him.

## GODLY LEADERSHIP: HOW TO TAKE DIRECTION

From a young age we learn to follow the leader and maybe even strive to become the leader one day. However, when it comes to ministry the best way to lead is to defer to our true Leader and remain close to Him. Learning to lean on the Lord for wisdom, conviction, strength and encouragement is the only way we can run this race well and meet the needs of those around us. In this workshop we will use God's Word to help us understand the kind of people God uses, how He uses them and how He sustains them.

## STAND THEREFORE (PART 1) : "SPIRITUAL WARFARE"

Often, we forget how high of a calling it is to be in children's ministry, but the enemy never rests in his attack on those who lead little ones to Christ. This is why it is important to recognize who the real enemy is and be able to identify how he attacks us. Part one of this workshop is designed to be an introduction to (or a refresher on) the basics of what the Bible describes as "spiritual warfare". We need to make sure we don't get distracted by the schemes of the devil so that we can more effectively minister to the little ones God brings our way.
