DIGITAL ADDICTION: WHAT THE NEUROSCIENCE SHOWS

Neuroscience has revealed that brain scans of hard-core video gamers are nearly identical to cocaine addicts. Brain scans of porn addicts show more damage than heroin addicts. Thirty-five percent of victims of cyberbullying scored above the threshold for symptoms of Post Traumatic Stress Disorder, and twenty-nine percent of the teenagers who did cyberbullying also showed signs of PTSD. Research shows that more 35-year-olds play video games than teenagers. Mothers are often more addicted to social media than their daughters. This session explores these issues and more. *More information about Pastor Brad can be found at bradhuddleston.com*

THE HEART OF WORSHIP: TEACHING CHILDREN THE TRUE HEART OF WORSHIP

We're living in a time where worship is being misconstrued in so many ways. From teaching the kids songs that are fun but yet have no lasting effect in their daily walk, to worship being based on emotions and experience. As overseer of a large children's worship ministry, we started noticing this was affecting our children. Some were engaged out of tradition, some as if it was a duty. Not many worshiped based on posture of heart. It's at this point that our perspective shifted into teaching our children the heart of worship. Who we worship, why we worship and how we worship are all factors we will cover in a fun yet effective way to capture the hearts of all the children in our ministry. We will cover many capacities, including classroom worship all the way to formal choir. This is an interactive workshop that prayerfully taken can help your children's worship ministry to thrive, and better yet, help you teach these kids to have the right posture of heart. The Heart of worship.

INCORPORATING APOLOGETICS INTO YOUTH MINISTRY

Research shows that 60-70% of youth leave the church between the ages of 18-22. Those surveyed say the questioning of religious teachings is a very important reason for their lack of affiliation with a church. Young people have questions, yet most youth groups today focus on "having fun" rather than providing answers. Or students are simply told 'what' to believe, but not 'why' they should believe it. If the church will not give them the answer, the agnostic college professor or cult member knocking on the door will. This workshop will equip today's youth leader with practical ways to incorporate answers into their current youth ministry program, and how to have fun in the process!

THE ATTRIBUTES OF GOD

Come and learn an effective, yet easy teaching tool on the attributes of God. As Pastor Chuck used to say so often: "When we don't understand the 'Why God' questions, we need to go back to all we do understand about Him." But do the children really know what He is like? This workshop will equip you to teach 33 key attributes, what they mean, and the Scriptures to support each one. At the end of the workshop, you will have them all from memory and a take-home hand-out to use for any Bible lesson. Children of all ages learn them quickly as their A-B-C's... and with fun!

TEACHING THE BIBLE TO SPECIAL NEEDS

"For You formed my inward parts; You covered me in my mother's womb. I will praise You, for I am fearfully and wonderfully made; Marvelous are Your works, and that my soul knows very well" Psalm 139:13-14. Teaching special needs students can be challenging. We will discuss practical ways to teach them the Bible, equip your leaders, and plan for events that fit your students' needs.

CREATING A CULTURE OF CRITICAL THINKING IN YOUR CLASSROOM

Teaching children to think logically and independently is essential to raising up the next generation of believers to love the Lord their God with their heart, soul, and mind. How do we equip and train children to ask good questions, find biblical answers to their questions, and engage the culture for Jesus? Join us as we discuss simple and practical ways to create a healthy atmosphere of critical thinking in your children's ministry.

EMPOWERING OF THE HOLY SPIRIT

Having begun in the Spirit, are you now being made perfect by the flesh? Serving in ministry is a supernatural work that requires supernatural power. Oftentimes we are trying to accomplish this work in our own flesh. In this workshop we will answer the questions: What is this supernatural power? How do we receive this supernatural power? What are we able to accomplish with this supernatural power? "Not by might nor by power, but by My Spirit," Says the LORD of hosts.

CASTING A BIBLICAL VISION FOR CHILDREN'S MINISTRY

Why does your children's ministry exist? Can you clearly articulate what a children's ministry is designed to accomplish? With biblical vision, a ministry can be Spirit-led, Jesus centered, and rooted in the word of God.

HOW TO TAKE DIRECTION AS A LEADER

From a young age, we learn to follow the leader and maybe even strive to become the leader one day. However, when it comes to ministry, the best way to lead is to defer to our true Leader and remain close to Him. Learning to lean on the Lord for wisdom, conviction, strength, and encouragement is the only way we can run this race well and meet the needs of those around us. In this workshop we will use God's Word to remind ourselves of the kind of people God uses, how He uses them, and sustains them.

INTERACTING WITH CHILDREN

"I'm terrified of working with kids," "I don't know how to treat kids or how to act around them." Have you ever heard someone say this? (Maybe you've secretly thought this yourself.) Why do people sometimes feel this way? What if it had little to do with natural talent of working with children, and more to do with actual skills - social skills for working with children, you might say? There are many skills that are important to have as a Sunday School teacher, but the skill of HOW you interact with children will do much for how smoothly your class goes, how much your students want to come to class, as well as how loved they feel leaving your class. These are skills that are important to know and apply whether we're new at working with kids or someone experienced who just wants to fine tune their interactions with children. In this workshop we will look at practical ways of interacting with children, that will both make us more confident in those interactions, as well as helping communicate more clearly to our students that our class is a safe place where they are cared for and loved.

THE HEART OF WORSHIP: TEACHING CHILDREN THE TRUE HEART OF WORSHIP

Oftentimes, worship is placed on the backburner within our ministries, even though it is highly esteemed in the Word of God. True worship has been overtaken by emotional songs, songs that have no connection to children's lives, and "fun" songs that have no meaning. We have disregarded the opportunity to teach our children how to worship and why we worship. In this interactive workshop, we will discuss ways to return to true worship, implement worship within the classroom, and connect God's Word with our worship time. In doing so, we instill in them the heart of worship by teaching them Who we worship, why we worship, and how we worship.

SPIRITUAL WARFARE

Often, we forget how high of a calling it is to be in children's ministry, but the enemy never rests in his attack on those who lead little ones to Christ. This is why it is important to recognize who the real enemy is and be able to identify how he attacks us. This workshop is designed to be an introduction to (or a refresher on) the basics of what the Bible describes as "spiritual warfare" and how we can be equipped to successfully fight this spiritual battle we have stepped into. We need to make sure we don't get distracted by the schemes of the devil so that we can more effectively minister to the little ones God brings our way.

Both teachers and students can be confident that their faith is founded on fact and can use this information to be a light to the lost world around them. Topics Include: "How do we know God exists?", "How do we know the Bible is true?", "How do we know Jesus is God?", "Is evolution real?", and more. *(Most Suitable for 4th-6th Grades)*

The following is the full presentation's description... "In this engaging and informative presentation, we will look at the creatures, known throughout the world in ancient times as DRAGONS. Were they merely mythical, or do they have a basis in reality? What is the connection between the dragons of ancient times and the DINOSAURS that we find evidence of in the fossil record? Did dinosaurs go extinct 65 million years ago, as evolution teaches, or have dinosaurs always lived with man? And if so, were there dinosaurs on Noah's Ark? We delve into the LEGENDS, SIGHTINGS, ARTIFACTS & DISCOVERIES that surround these mysterious creatures and what the BIBLE, in overwhelming clarity, says about them."

TEACHING CHILDREN TO PRAY

God's design from the beginning is that people, young and old, would have a relationship with their Creator. But, knowing that no relationship is stronger than its communication, it becomes vital that we communicate with God. For without communication, the relationship becomes distant. But, through the glorious privilege of prayer, we are drawn into the very presence of a wonderful Holy God. Children too, can experience the blessing of talking with God through prayer. It is important that we teach them this while they are still young, and this is what will be discussing in this workshop.

EXPLAINING COMPLEX CONCEPTS SIMPLY

Every adult dreads it when kids ask the difficult questions. Many shy away from teaching simply because they don't know how to answer questions like "If God created everything, who created God?", "How can God be three and one at the same time?", or "Where did Cain's wife come from?" Often, adults will be well-meaning in their answers, but can accidentally teach false doctrine by using analogies that fall short in their explanation of our amazing God and His creation. In this workshop, you will hear the most common "tough" questions that kids ask, and learn how to answer them age-appropriately, while avoiding bad analogies that could accidentally lead a child astray.

CAPTURING THE HEARTS OF 4TH, 5TH, & 6TH GRADERS

There's not a generation left that has not been negatively affected by technology. We even see phones and tablets in baby strollers. According to Barna Research and Impact 360 Institute, the Biblical worldview among both Millennials and Gen Zer's is 4%. Gen Alpha is trouble as well. In my experience, the hearts of those in grades four through six are still tender, even though most of them are addicted to technology. For those who teach those grades, it's crucial to "seize the moment" before they move on to higher grades. This session explores some strategies to do just that. *More information about Pastor Brad can be found at bradhuddleston.com*

USING THE WORD OF GOD AS YOUR TEXTBOOK

In today's world there are many different resources we can use in teaching the children in our classroom. While there is nothing wrong with using these resources, we sometimes, unknowingly, become dependent upon them rather than using the Word of God as our primary resource. In this workshop we will see how, by using the Word of God, as our primary resource, we are giving the kids an opportunity to let God speak directly to their hearts and respond directly to Him. *(Appropriate for 3rd-6th Grades)*
