CONFERENCE HISTORY:

In 1994, Pastor Larry Enterline began coordinating Children's Ministry Conferences at Calvary Chapel Costa Mesa to help equip and encourage *TEACHERS, LEADERS, DIRECTORS, & PARENTS* who are involved with ministering to Children & Youth inside the classroom & home. Since 1994, these annual conferences have been held at a few different churches. This year, Calvary Curriculum's 2026 Children's Ministry Conference will be held at Calvary Chapel Chino Hills. For more info, please visit CCCM-CONFERENCE.COM.

CONFERENCE PURPOSE:

This conference has been set aside for you! Our heart's desire is that you will be blessed and have a relaxing and yet profitable time, filled with ideas you can use with "your" children as you minister the love of Jesus to them. We pray you will be renewed and encouraged and have the opportunity to fellowship with others who are also called to minister to the children. May your time at the conference be blessed.

Welcome to Calvary Curriculum's 2026 Children's Ministry Conference

The theme for this year's conference is "Shaping Little Hearts through God's Word." We are so looking forward to what the Lord has planned for this weekend.

It has been said that a child's worldview will be developed by age 11. This is why ministry to children and youth is so crucial.

There are many ways that children's hearts are shaped. The god of this world is doing everything possible to cause the children to think in worldly ways, but the most impactful shaping that takes place in a child's life is through the Word of God.

Proverbs 4:23 states, "Keep your heart with all diligence, for out of it spring the issues of life." The meaning of "diligence" refers to a constant steady effort, earnest, engaged, and doing something with great care. This is hard work, but extremely important and effective!

Are we helping to guard a child's life? To do this, we should understand 2 Timothy 3:16, "All Scripture is given by inspiration of God (God breathed) and is profitable for doctrine, for reproof, for correction, for instruction in righteousness." And Jesus said, "It is written, 'Man shall not live by bread alone, but by every word that comes from the mouth of God.'" (Matthew 4:4)

Just think how blessed and privileged we are to minister to these precious children, giving them the living Word of God!

May this weekend be a wonderful blessing for you as the Lord continues to direct you on His path!

Because of Jesus,
PASTOR LARRY ENTERLINE
FOUNDER OF CALVARY CURRICULUM

We are in much need, and we should be in much prayer. "Prayerlessness is because we still believe we can do it. We can work it out on our own." We need to be intentional about praying, making our requests known to the Lord. You might consider praying for the following things:

1. Praying for specific children in need.
2. Pray for reaching children in our communities.
3. Support for the Children's Ministries.
4. Pray for more servants called by the Lord to care for the children.

JESUS Sees ZACCHAEUS

QUICK OVERVIEW: A rich tax collector named Zacchaeus wanted to see Jesus. But he could not because the crowd was large and he was short, so he climbed a sycamore tree. When Jesus looked up and saw Zacchaeus, He said, "Come down, I am going to your house." At the house, Zacchaeus repented of stealing and promised to give back what he had stolen. Jesus responded, "Today salvation has come to this house."

KEY VERSE: "For the Son of Man is come to seek and to save that which was lost." Luke 19:10

QUESTION: Why did Jesus choose to "see" Zacchaeus?

LUKE 19:1-10: ¹ And Jesus entered and passed through Jericho. ² And, behold, there was a man named Zacchaeus, which was the chief among the [tax collectors], and he was rich. ³ And he sought to see Jesus who He was; and could not for the [crowd], because he was little of stature. ⁴ And he ran before, and climbed up into a sycamore tree to see Him: for He was to pass that way. ⁵ And when Jesus came to the place, He looked up, and saw him, and said unto him, Zacchaeus, make haste, and come down; for today I must abide at thy house. ⁶ And he made haste, and came down, and received Him joyfully. ⁷ And when they saw it, they all murmured, saying, That He was gone to be guest with a man that is a sinner. ⁸ And Zacchaeus stood, and said unto the Lord; Behold, Lord, the half of my goods I give to the poor; and if I have taken any thing from any man by false accusation, I restore him fourfold. ⁹ And Jesus said unto him, This day is salvation come to this house, forsomuch as he also is a son of Abraham. ¹⁰ For the Son of Man is come to seek and to save that which was lost.

LUKE 19:1-10

Turn back to **PAGE 10** to see **QUESTIONS YOU CAN ASK** which will help enhance this and the other Bible accounts.

WHO? WHAT? WHEN? WHERE? WHY? HOW? In this Bible passage, is there a... PROMISE TO CLAIM? SIN TO AVOID? COMMAND TO OBEY? WARNING TO PAY ATTENTION TO? GOOD EXAMPLE TO FOLLOW? BAD EXAMPLE TO AVOID? A NEW UNDERSTANDING ABOUT GOD THE FATHER, GOD THE SON, OR GOD THE HOLY SPIRIT?

SKILLS TO USE IN BIBLE STUDIES FOR CHILDREN

Train up a child in the way they should go. Would you like to learn skills to help kids read their Bibles in a way that they will experience fellowship with God, not just "head knowledge"? Children need simple and tangible ways in how to hear from God through the Bible and how to respond to Him as they read His Word. We will share many ideas in this workshop that you and the children will find very helpful. These are some of the methods we use to equip those who use the Calvary Curriculum Bible studies.

DIGITAL ADDICTION: WHAT THE NEUROSCIENCE SHOWS

Neuroscience has revealed that brain scans of hard-core video gamers are nearly identical to cocaine addicts. Brain scans of porn addicts show more damage than heroin addicts. Thirty-five percent of victims of cyberbullying scored above the threshold for symptoms of Post Traumatic Stress Disorder, and twenty-nine percent of the teenagers who did cyberbullying also showed signs of PTSD. Research shows that more 35-year-olds play video games than teenagers. Mothers are often more addicted to social media than their daughters. This session explores these issues and more. *More information about Pastor Brad can be found at bradhuddleston.com*

EXTINGUISHED AT BOTH ENDS

The 16th Century metaphor, "Burning the candle at both ends" describes people who exhaust themselves by trying to do too much. Attacks from people in ministry, family difficulties, while maintaining secular employment can be overwhelming. This workshop will explore the difficulties in maintaining a Biblical balance and offer Biblical solutions to help your candle to not burn out. Galatians 6:9: "Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up."

 **RON & JULIE CAGLE**  **ROOM E123** 

HARDSHIPS IN MINISTRY

Hardships come in many different forms and at the most inconvenient times. They happen both in your personal life and in ministry. Are you experiencing these hardships? Are you ready to throw in the towel? What is the purpose of hardships? Am I alone? In this workshop, we will answer these questions and more as we look to God's Word and what He has to say about hardships and how we are to endure them.

 **STEVE WEST**  **ROOM E124** 

INTERACTING WITH CHILDREN

"I'm terrified of working with kids," "I don't know how to treat kids or how to act around them." Have you ever heard someone say this? (Maybe you've secretly thought this yourself.) Why do people sometimes feel this way? What if it had little to do with natural talent of working with children, and more to do with actual skills - social skills for working with children, you might say? There are many skills that are important to have as a Sunday School teacher, but the skill of HOW you interact with children will do much for how smoothly your class goes, how much your students want to come to class, as well as how loved they feel leaving your class. These are skills that are important to know and apply whether we're new at working with kids or someone experienced who just wants to fine tune their interactions with children. In this workshop we will look at practical ways of interacting with children, that will both make us more confident in those interactions, as well as helping communicate more clearly to our students that our class is a safe place where they are cared for and loved.

EARLY CHILDHOOD: TEACHING PRESCHOOLERS TO LOVE WORSHIP

Reaching preschoolers and kindergarteners through worship is a very important responsibility. Helping them understand why and Who we worship is a great place to start. We will discuss how to choose age-appropriate songs, implementing hand motions, and using phrases they can understand and relate to.

 **LINDSEY TRUJILLO**  **ROOM E127** 

"So with regard to children. People occasionally say of such a one, 'He is only fit to teach children; he is no preacher.' I tell you, in God's sight he is no preacher who does not care for the children."

"If you want big-souled, large-hearted men and women, look for them among those who are much engaged among the young, bearing with their follies, and sympathizing with their weaknesses for Jesus' sake."

HOW TO TEACH USING THE INDUCTIVE METHOD

This session is designed to help teachers learn how to teach children the Bible using the Inductive Bible Study Method in the classroom. This approach not only helps the children understand the content of the Bible, but also teaches them how to study the Bible for themselves. This method also simplifies the preparation and teaching process for the teacher.

THE HEART OF WORSHIP: TEACHING CHILDREN THE TRUE HEART OF WORSHIP

Oftentimes, worship is placed on the backburner within our ministries, even though it is highly esteemed in the Word of God. True worship has been overtaken by emotional songs, songs that have no connection to children's lives, and "fun" songs that have no meaning. We have disregarded the opportunity to teach our children how to worship and why we worship. In this interactive workshop, we will discuss ways to return to true worship, implement worship within the classroom, and connect God's Word with our worship time. In doing so, we instill in them the heart of worship by teaching them Who we worship, why we worship, and how we worship.

Attend this session to learn how to share the Gospel of Jesus Christ with public school students. If you are a parent, grandparent, public school teacher, or concerned about the spiritual well-being of children, join this session to discover an opportunity to evangelize in public schools. Is this legal? Yes! In 2001, the U.S. Supreme Court ruled in *Good News Clubs v. Milford Central School* that Good News Clubs can meet in public schools in the United States after school hours on the same terms as other community groups. Children attend Good News Club only with parental permission. The purpose of Good News Club is to evangelize boys and girls with the Gospel of the Lord Jesus Christ and establish them in the Word of God and in a local church for Christian living. Currently, 80% of the children attending are unchurched. There's over 50 Good News Clubs taking place in the local area.

THE ATTRIBUTES OF GOD

Come and learn an effective and easy teaching tool on the attributes of God. As Pastor Chuck used to say so often: "When we don't understand the 'Why God' questions, we need to go back to all we do understand about Him." But do the children really know what He is like? This workshop will equip you to teach 33 key attributes, what they mean, and the Scriptures to support each one. At the end of the workshop, you will have them all from memory. Children of all ages learn them quickly as their A-B-C's... and with fun! Come and sing along with us as we learn through songs as well!

 **DARLENE THEIS**  **ROOM E126** 

"The Sunday-school work is no mere pastime, no holiday entertainments, but real work, requiring for its propelling power something more than a love of novelty, or a love of applause, or a pleasurable excitement. To carry us through triumphantly to the end, to make us persevering and hopeful under discouragements to give us courage in the face of obstacles and dangers, to make us tireless in effort, and exhaustless in invention, ever willing to learn in order that we may teach, ever ready to try a new method when old methods fail, and never willing to yield so long as any method remains untried by which we may bring a lost soul back to the fold of Christ - to do all this we need to feel, as Christ did, that one soul is really and truly of more value than the whole world beside. To have this conviction of the value of the soul, this burning love for the salvation of the souls, is the first, the incomparably greatest qualification of the Sunday School teacher. This can only be had in prayer and by the direct outpouring of the Holy Ghost."

DRAGONS, DINOSAURS, AND THE BIBLE (2ND HALF PORTION)

Have you ever been asked by a student, "Are dinosaurs mentioned in the Bible?" After taking this workshop you will be able to answer, "Yes, and let me show you where they are mentioned." This workshop will focus on the 2nd half of this 2-hour presentation which deals with what the BIBLE says about Dinosaurs.

The following is the full presentation's description... "In this engaging and informative presentation, we will look at the creatures, known throughout the world in ancient times as DRAGONS. Were they merely mythical, or do they have a basis in reality? What is the connection between the dragons of ancient times and the DINOSAURS that we find evidence of in the fossil record? Did dinosaurs go extinct 65 million years ago, as evolution teaches, or have dinosaurs always lived with man? And if so, were there dinosaurs on Noah's Ark? We delve into the LEGENDS, SIGHTINGS, ARTIFACTS & DISCOVERIES that surround these mysterious creatures and what the BIBLE, in overwhelming clarity, says about them."

CASTING A BIBLICAL VISION FOR CHILDREN'S MINISTRY

Why does your children's ministry exist? Can you clearly articulate what a children's ministry is designed to accomplish? This workshop will help you identify a biblical vision for children's ministry. Without a biblical vision, ministries become trendy programs or social clubs without direction. With biblical vision, a ministry can be Spirit-led, Jesus centered, and rooted in the Word of God.

APOLOGETICS FOR KIDS

As kids grow in their faith, they start to ask big questions that may be intimidating for teachers. Leaders/teachers will learn the importance of teaching children apologetics and creating a question-safe atmosphere, as well as how to equip kids with the tools they need to defend their faith and answer these big questions. Both teachers and students can be confident that their faith is founded on fact and can use this information to be a light to the lost world around them. Topics include: "How do we know God exists?", "How do we know the Bible is true?", "How do we know Jesus is God?", "Is evolution real?", and more. (Most Suitable for 4th-6th Grades)

HOW TO TAKE DIRECTION AS A LEADER

From a young age, we learn to follow the leader and maybe even strive to become the leader one day. However, when it comes to ministry, the best way to lead is to defer to our true Leader and remain close to Him. Learning to lean on the Lord for wisdom, conviction, strength, and encouragement is the only way we can run this race well and meet the needs of those around us. In this workshop we will use God's Word to remind ourselves of the kind of people God uses, how He uses them, and sustains them.

CAPTURING THE HEARTS OF 4TH, 5TH, & 6TH GRADERS

There's not a generation left that has not been negatively affected by technology. We even see phones and tablets in baby strollers. According to Barna Research and Impact 360 Institute, the Biblical worldview among both Millennials and Gen Zer's is 4%. Gen Alpha is in trouble as well. In my experience, the hearts of those in grades four through six are still tender, even though most of them are addicted to technology. For those who teach those grades, it's crucial to "seize the moment" before they move on to higher grades. This session explores some strategies to do just that. **More information about Pastor Brad can be found at bradhuddleston.com**

"No other form of Christian effort brings such immediate, such large, and such lasting results as work for the conversion of children. It has many advantages over other forms of work. First of all, children are more easily led to Christ than adults. In the second place, they are more likely to stay converted than those apparently converted at a later period of life. They also make better Christians, as they do not have so much to unlearn as those who have grown old in sin. They have more years of service before them. A man converted at sixty is a soul saved plus ten years of service; a child saved at ten is a soul saved plus sixty years of service."

THE HEART OF WORSHIP: TEACHING CHILDREN THE TRUE HEART OF WORSHIP

We're living in a time where worship is being misconstrued in so many ways. From teaching the kids songs that are fun but yet have no lasting effect in their daily walk, to worship being based on emotions and experience. As overseer of a large children's worship ministry, we started noticing this was affecting our children. Some were engaged out of tradition, some as if it was a duty. Not many worshiped based on posture of heart. It's at this point that our perspective shifted into teaching our children the heart of worship. Who we worship, why we worship and how we worship are all factors we will cover in a fun yet effective way to capture the hearts of all the children in our ministry. We will cover many capacities, including classroom worship all the way to formal choir. This is an interactive workshop that prayerfully taken can help your children's worship ministry to thrive, and better yet, help you teach these kids to have the right posture of heart. The Heart of worship.

INCORPORATING APOLOGETICS INTO YOUTH MINISTRY

Research shows that 60-70% of youth leave the church between the ages of 18-22. Those surveyed say the questioning of religious teachings is a very important reason for their lack of affiliation with a church. Young people have questions, yet most youth groups today focus on "having fun" rather than providing answers. Or students are simply told 'what' to believe, but not 'why' they should believe it. If the church will not give them the answer, the agnostic college professor or cult member knocking on the door will. This workshop will equip today's youth leader with practical ways to incorporate answers into their current youth ministry program, and how to have fun in the process!

TEACHING CHILDREN TO PRAY

God's design from the beginning is that people, young and old, would have a relationship with their Creator. But, knowing that no relationship is stronger than its communication, it becomes vital that we communicate with God. For without communication, the relationship becomes distant. But, through the glorious privilege of prayer, we are drawn into the very presence of a wonderful Holy God. Children too, can experience the blessing of talking with God through prayer. It is important that we teach them this while they are still young, and this is what will be discussing in this workshop.

ARTIFICIAL INTELLIGENCE: BLESSING OR CURSE?

The stats are in for the top 100 ways people used artificial intelligence in 2025. The TOP 3 are: 1. *Therapy/companionship* 2. *Organize my life* 3. *Find Purpose* Think about that. Instead of turning to God or another human for counsel or friendship, the masses are bonding with something artificial, and sometimes lethal. Cases are now popping up in courts because companion chatbots are coercing some people to commit suicide. 72% of teenagers have used AI companion bots at least once. And Christians are not immune. Students worldwide are using AI to cheat, leaving educators panicked and bewildered. In 2024, 66% of college undergraduates used AI. As of last year, that number rocketed to 92%. These two issues are just the tip of the iceberg of what we will be exploring in this session. How should a biblical worldview affect the believer's use of artificial intelligence? Are Christians in danger of replacing a faith that demands patience and seeking with the immediate answers that AI can provide? *More information about Pastor Brad can be found at bradhuddleston.com*

EXPLAINING COMPLEX CONCEPTS SIMPLY

Every adult dreads it when kids ask the difficult questions. Many shy away from teaching simply because they don't know how to answer questions like "If God created everything, who created God?", "How can God be three and one at the same time?", or "Where did Cain's wife come from?" Often, adults will be well-meaning in their answers, but can accidentally teach false doctrine by using analogies that fall short in their explanation of our amazing God and His creation. In this workshop, you will hear the most common "tough" questions that kids ask, and learn how to answer them age-appropriately, while avoiding bad analogies that could accidentally lead a child astray.

"The world has many beautiful palaces and cathedrals that tower in their excellence high above the humble dwellings around them... We look up at their high walls, their gilded roofs, their slender spires pointing to the sky; we admire the great strength and delicate tracery of their stonework... they stand out as splendid monuments of what the mind of man has power to plan and his hands have skill to fashion. But the foundations on which these buildings rest are hidden from our eyes, buried deep down in the darkness. Yet though unseen and seldom thought of, in every case there has been the patient laying of stone upon stone, without which the building could never have been reared. It is much the same with the great lives of [history and present]... Here and there we note them; we mark the noble deed, the courage, the heroism, the flash of genius, the habit of self-sacrifice, but we are apt to forget that all this did not come into being suddenly, that in each case there was a long time of preparation, a patient laying of foundations in the years of childhood, act by act, as stone is laid upon stone, before it was known what manner of life would be built up."

DIGITAL REHABILITATION: HOW LONG DOES IT TAKE?

South Korea has won the war for digital supremacy globally, but they are paying a heavy price. The government of that small country has opened 400 technology rehabilitation centers. This section explores some of the research surrounding digital addiction and offers strategies and solutions from a scientific and, most importantly, Biblical worldview. God wants His children to be well and fully engaged with Him. *More information about Pastor Brad can be found at bradhuddleston.com*

PRIORITIZING BIBLE PROFICIENCY IN YOUR MINISTRY

God's Word is the greatest weapon and tool we have, and yet, many of our children do not see its value or do not know how to use it. In this workshop, we will discuss the importance of focusing our time on training children to use their Bibles. You will learn how to teach children to navigate God's Word, implement Bible reading plans, and start a Bible memory program. The Lord has given us His Word, so let's be faithful in teaching this vital skill.

THE HOLY SPIRIT

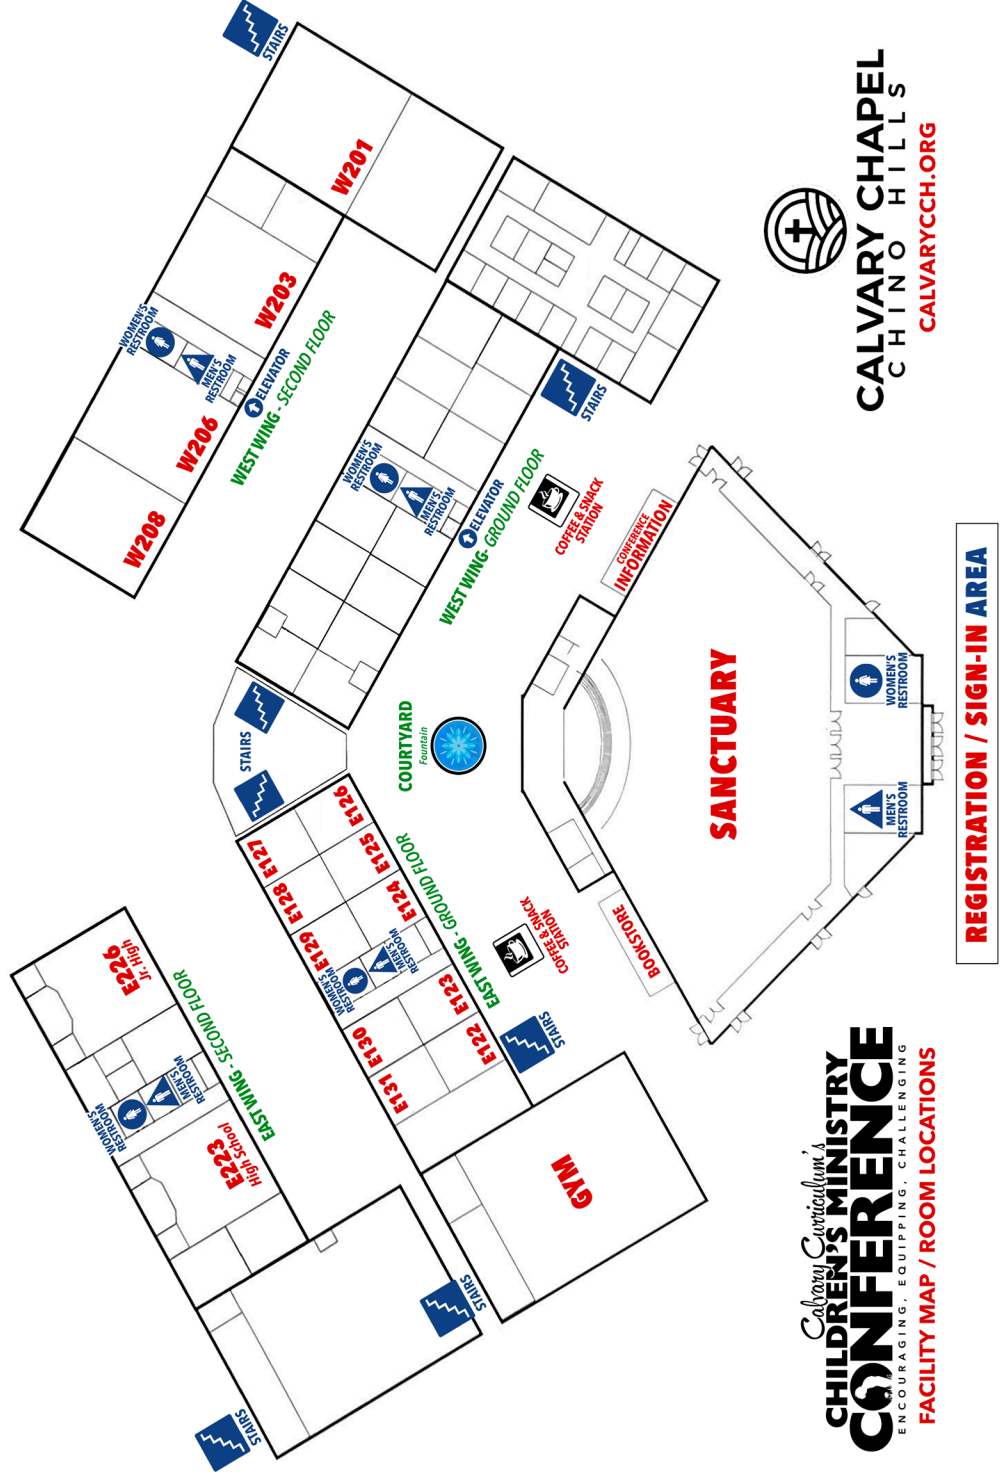

Jesus said, "He will give you another Helper, that He may abide with you forever." It's so important for children to have an understanding of the Holy Spirit. Jesus also said, "the Helper, the Holy Spirit...He will teach you all things and bring to your remembrance all things that I said to you." God gives His Holy Spirit to children, as well as to adults, and in this workshop we will discuss the importance and the great need for children to also receive the Holy Spirit into their lives. We will talk about how you can lead the children to receive the baptism of the Holy Spirit in a classroom or camp setting. We want children to know the fullness of a life influenced by the Holy Spirit in this way and it's our privilege to teach them and to lead them.
